The Mare Owner: Every owner, lessee, syndicate, corporation, trust, other person or manager of any of them and where there is more than one person these terms and conditions will bind all such owners jointly and each of them separately. In the event that this agreement is executed by an agent or Manager on behalf of the mare Owner, or a representative or principle on behalf of the Owner. If the Owner is an organisation, the undersigned agent, representative or principle hereby unconditionally guarantees the full and prompt payment of the fees as well as the full and prompt performance by the Owner of any and all other obligations.

GVEH has agreed to supply veterinary services to the Mare owned by the Mare Owner upon the following terms and conditions:

1. Term
  - 1.1 The contract will be valid during the 2020-2021 breeding season or until the mare is 45 days pregnant (the Term).
  - 1.2 Mares starting reproductive veterinary work must have had a properly executed contract received by GVEH prior to the initiation of reproductive work.
2. Charges
  - 2.1 Once this Contract is executed by the Mare Owner it is binding and the full fee for services set out in clause 2.2 is payable (even if the Mare achieves a positive pregnancy on the first cycle as per respective breeding contract or fails to obtain pregnancy during the Term).
  - 2.2 The fee for the services for the Term of the Mare Reproductive Contract shall include a **\$1000.00 deposit** prior to the arrival of the Mare.
  - 2.3 The Mare owner(s) agree to pay all accounts within 30 days.

3. Services to be supplied by GVEH
  - 3.1 GVEH will undertake the routine veterinary work during the Term following accepted payment of services.
  - 3.2 The Mare Owner irrevocably appoints and authorises the manager of the Property where the Mare is resident or agisted to direct and authorise GVEH to undertake, without limitation, any and all veterinary treatment in respect to the Mare and its progeny. If this veterinary treatment falls outside the scope of this Mare Reproductive Contract, but in the opinion of the Property manager is necessary, GVEH will carry out this veterinary treatment at the owner's expense. The owner acknowledges liability for these additional veterinary costs. In the event that you cannot be contacted regarding treatment or unforeseen problems GVEH will treat as necessary. Every effort will be made to advise you prior to treatment.
  - 3.3 Any costs will be billed to the client. Full payment is expected before your mare departs GVEH.

The Mare Owner acknowledges that:

  - 4.1 The breeding and rearing of mares is high-risk and that the owner has the option to insure against such losses.
  - 4.2 Per-rectal examination and ultrasonography are important in the reproductive management of the mare but carry a small risk of inadvertent serious injury with a potential sequela of death.
  - 4.3 Multiple pregnancies are possible in the mare and are routinely managed by early identification and termination of one developing pregnancy. This procedure is routine but will occasionally result in termination of both pregnancies. GVEH is hereby and specifically authorised and instructed by the Mare Owner to undertake reduction to a single pregnancy.
  - 4.4 The Mare Owner accepts the risks in the procedures described in 4.2, 4.3
5. The Mare Owner

6. Retention
