

INSTRUCTIONS FOR ORDERING SEMEN

1. Contact the stallion owner/GVEH to ensure that the semen from the stallion of your choice is available and determine whether you require CHILLED or FROZEN semen.
2. Read the breeding contract terms for the stallion you have selected and ensure that you fully understand them. If you have any questions regarding the terms please contact the stallion owner. A contract for purchasing of semen can be obtained by contacting the stallion owner.
3. Fill in all the details on the contract of purchase and send back to the stallion owner with payment.
4. Go on to our website at www.gvequine.com.au and download the "Frozen Semen Order Form" or "Chilled Semen Order Form" form and fill in COMPLETELY – including credit card details.
5. The owner of the stallion will then forward the "Semen Release Form" to us for frozen semen or arrange the stallion to come in to GVEH to be collected.
6. The balance of payment (for collection of chilled semen and packaging and handling for frozen semen) must be received by GVEH before semen will be released.
7. At least 24 hours' notice is required prior to the dispatch of semen. Semen orders will not be processed on weekends or public holidays. Also, some couriers will not work weekends or public holidays so please check this before ordering.
8. From the time of dispatch from GVEH onwards, the semen becomes the responsibility of the purchaser. We advise that you arrange insurance for semen whilst in transit.
9. Please ensure that your order/s are placed as early as possible as there is a limited number of shippers available for hire and semen from some stallions may be in high demand and/or limited supply.
10. Please return the frozen semen shipper via Australia post as soon as possible.
